

Dr Martin Quinn

St Vincent's University Hospital

How I Manage Degenerative Aortic Stenosis in Patients at High Risk for Surgery

Martin Quinn qualified from University College Dublin in 1992. He started his training in Cardiology in St James's hospital in 1995. He worked as a lecturer in Clinical Pharmacology in the Royal College of Surgeons from 1997 to 2000. During this time he was awarded a PhD for his thesis on the platelet fibrinogen receptor, glycoprotein IIb/IIIa. He moved to the Cleveland Clinic, Ohio, USA where he trained in Interventional Cardiology. He has co-authored a book on platelet

biology and over 45 papers, review articles and book chapters. He was appointed as a Consultant Cardiologist to St Vincent's University Hospital in 2003. He was secretary to the Irish Board for Training in Cardiovascular Medicine from 2004 to 2007. He is actively involved in research into percutaneous valve repair and has a number of patents filed in this area. He inserted the first percutaneous aortic valve in Ireland in 2008.

Dr Brendan McAdam

Beaumont Hospital, Dublin

How I Manage Acute Heart Failure: From A and E to Admission

Brendan McAdam graduated from Trinity College Dublin in 1987. His special clinical and research interests include cardiac imaging, heart failure, lipid disorders,

hypertension, thrombosis and vascular disorders. He is currently a Consultant Cardiologist at Beaumont Hospital, Dublin.

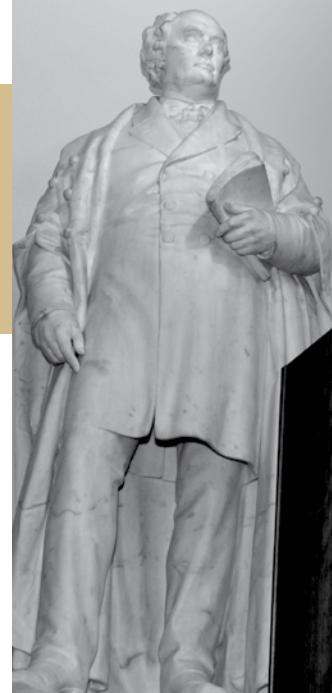

ROYAL COLLEGE OF
PHYSICIANS OF IRELAND

MASTERCLASS
Masterclass Series 2010–2011

Masterclass: Cardiology

5.00pm Wednesday, 4 May 2011

Royal College of Physicians of Ireland, No. 6 Kildare Street, Dublin 2

18.20 – 18.40	How I Manage Degenerative Aortic Stenosis in Patients at High Risk of Surgery	Dr Martin Quinn, St Vincent's University Hospital, Dublin	
18.40 – 18.45	Question and Answer Session		
18.45 – 19.05	How I Manage Acute Heart Failure: From A&E to Admission	Dr Brendan McAdam, Beaumont Hospital, Dublin	
19.05 – 19.10	Question and Answer Session		
19.10 – 19.30	Panel Discussion		

This meeting is approved for 3 CME credits by the Royal College of Physicians of Ireland

This meeting is supported by an unrestricted educational grant
provided by AstraZeneca

Dr Aidan Buckley

Wexford General Hospital

The Management of Acute ST Segment Elevation MI in a Non-PCI Centre

Aidan Buckley qualified from University College Cork in 1989 and is Consultant Cardiologist based in Wexford General and Waterford Regional Hospitals. He worked as Medical Registrar in Limerick Regional Hospital, prior to commencing Cardiology training in St Vincent's University Hospital, Dublin. He then took up a position as Research Fellow in the

Cardiac Department of Aberdeen Royal Infirmary, before returning to Ireland. He was appointed Consultant Cardiologist to South Tipperary General Hospital in 2004 and subsequently moved to his current position in 2005. His clinical interests include sports cardiology and the promotion of public-access defibrillation.

Dr Yvonne Smyth

Bon Secours Hospital, Tralee

How I Manage Atrial Fibrillation from A and E to Admission

Yvonne Smyth graduated from the National University of Ireland, Galway in 1997. She completed her internship and General Professional Training in Galway University Hospital. Thereafter she worked in Cork University, Beaumont, Adelaide and Meath and Galway University Hospitals as part of the Cardiology Specialist Registrar Training program. She was awarded her CCST in

Cardiology and General Internal Medicine in 2007. Her particular area of interest is Cardiovascular Imaging. She undertook a subspecialty fellowship in the Cleveland Clinic USA prior to being appointed to the Bon Secours Hospital Tralee. Dr Smyth is also a lecturer in Medicine in University College Cork, an ACLS trainer and is a reviewer for Heart.

Dr Blaithead Murtagh

Galway Clinic

How I Manage the Patient with Syncope

Blaithead Murtagh commenced practice as a Consultant in Cardiology and General Internal Medicine at the Galway Clinic in January 2009. Qualifying from NUIG in 1997 with a Gold Medal in Medicine, she completed her internship in Galway, and joined the Mater Misericordiae Medical scheme in 1998. After obtaining her MRCP in 1999, she completed three years of General Internal Medicine at the Mayo Clinic, Rochester, Minnesota, and a

4-year Cardiology Fellowship at the Texas Medical Centre, Houston. She pursued subspecialty training in Interventional Cardiology, heart failure and echocardiography. Other interests include preventive cardiology and cardiovascular disease in women. Prior to joining the Galway Clinic she had been practicing as a Consultant Cardiologist at University College Hospital in Cork.
